KENTUCKY MEN

To Go to Border—Will Move, According to Latest Report—Speculation Rife at Camp—More Men Rejected—Third Battalion of Second Loses Forty Per Cent of Membership.

Fort Thomas, Ky., July 17.—Conversation at Fort Thomas is honeycombed with versions of official beliefs, hopes and forecasts. If a guardsman wants to go to the border he can find talk enough here to convince him that he will be aboard the rattler for Texas within a week. If he wants to stay in Kentucky he can talk confidentially with some other authority and be assured that there will be no movement of troops from Fort Thomas except to their homes. If we are not sent home we will be sent to the border. Guesses are free and the hazy of opinion has been the favorite sport of officers, men and newspaper correspondents. Telegrams from the Department of the East can be interpreted in almost any manner one wishes, and as a result conflicting rumors, under guise of authentic reports, are everywhere.

Today newspaper correspondents were authorized to announce that there would be a movement of Kentucky troops; that they would be moved in a brigade and not in units; that they would probably be moved when fully equipped, and that they would probably see a year of service on the border after they did move. "Fully equipped" can mean any shade of preparation.

Tomorrow may bring a different story, but that is the news of July 17, 1916.

W. R. Bethel, of Jackson, Ky., former mountaineer soldier of fortune captain under the Mexican rebel bandit Villa, today called on Adjutant General Tandy Ellis and asked for a commission in the Kentucky guard to fight against his former commanders.

FUNERAL THIS AFTERNOON

The funeral of Mrs. H. C. Sharp will be held this afternoon in the Central Presbyterian Church. Rev. H. Kerr Taylor will preach the sermon.

BIG DAY IN POLICE COURT

In Police Court yesterday afternoon eight drunks were up before Judge Whitaker. They received their doses as follows:

Boone Yazell, drunk and disorderly, \$6.50.
Lee Spencer, drunk, \$6.50.
John Wright, drunk, \$6.50.
John Harrington, drunk and disorderly, \$10.50.

Dan Coughlin, drunk, \$6.50.
William Short, drunk, \$6.50.
Rod Duley, drunk, \$6.50.

The case of Dave Barnes charged with being drunk was postponed until August 1 as he broke his arm during his celebration.

They say that Maysville is a dry town. It has been voted as such and it is up to the police to see that no whiskey is sold here. Of course, some of these men got their whiskey in Ripley but we would bet that several of them have not seen Ripley for some time. The police have caught several of the worst bootleggers but there are quite a number remaining.

NEW SERIAL PLEASURES

The new serial, "Gloria's Romance," starring Billy Burke, drew a large crowd to the Washington Opera House last evening at both shows. This serial is considered as one of the best ever produced and if the remainder of the episodes come up to the first it certainly will be a great one.

BRICK WILL ARRIVE THE LAST OF THIS WEEK

Mr. Schofield, the contractor for the down town streets, was in the city yesterday and stated to the Ledger man that he expected to get the brick for his contract the last part of this week. Work will begin as soon as possible.

FOREIGNERS HERE

A small party of foreigners arrived here yesterday to go to work on the Lock and Dam just above the city. This is one of the earliest bunches to arrive in this city but during the remainder of the season, many more will doubtless arrive, as labor is at a premium around Maysville.

OHIO STATE LEAGUE

Will Finish the Season Says President Thomas M. Russell of the Local Team—Boosters' Day To Be Held Here on Friday—Game Today

That the Ohio State League will finish the season is now almost an assured fact. When interviewed this morning President Thomas M. Russell of the local team said that if no one would take up the franchise of the defunct Lexington team the League would probably support a team on its own hook. If a good city can be secured it is thought that the team will practically be self supporting for the rest of the season.

Ironton has been selected and President Gableman is in that city making arrangements to place a team there. Ironton is a good baseball town under proper management and if a team could be located there the league would undoubtedly finish the season.

The team laid off yesterday as they were scheduled to play Lexington the first four days of this week. The Lexington club had surrendered its franchise and the disposition of the players had not been decided upon. The local backers of the team got in communication with Manager Guyn and the old Lexington Colts will be here this afternoon to play a game. Play will be called at 3:15.

Altho the future of the league is not known, Boosters Day will be had Friday. The committee started on their campaign yesterday morning and had not received a refusal until the time they had quit. This shows that this city wants organized ball and they are willing to pay for it. The attraction for Friday will probably be Chilli-cothe, altho the schedule for the remainder of the season has not been issued.

Although the future of the league is not positively known, Boosters' Day will be held at League Park Friday afternoon. A local committee started on a campaign Monday morning and had cothe, although the schedule for the remainder of the season has not yet been completed.

The only thing to do now is to wait and see if a team can be placed in Ironton or some other Ohio city. Baseball in Huntington is dead as far as the Ohio State League is concerned for the Huntington fans are quite incensed over the treatment they received from Lexington.

Lexington played unfair when it made such a desperate effort to get baseball for the rest of the season. Huntington wanted a berth in the league and would have obtained it had it not been for the action of Lexington in refusing to sell its team to the Boosters after the deal had practically been completed.

The knockers are still with us however. We have been told about 'teen times that the park will not be opened again for the league but those people had better adopt a policy of watchful waiting.

TAG DAY PROCEEDS TO BE SPLIT FOR LEXINGTON PLAYERS

Lexington, Ky., July 18.—The proceeds of tag days sales, made a week ago in an effort to finance the Lexington baseball club for the remainder of the season, will be split up among the players who are now stranded in this city without the finances to get them home. This action was decided on at a meeting held yesterday afternoon, at which the sum of \$40 was raised to go toward the same cause.

It is thought that the silver bat and ball, offered by Victor Bogaret, for the most useful player on the Lexington team will be given to Biddy Beers, who was leading by a big margin when the votes were last totaled. Biddy left yesterday to report to Manager Clerk, of the Milwaukee American Association team. He is a wise and useful catcher and will make the Brewers a good man.

The floods in the Southeast have made it impossible for McClellan to get to Asheville, N. C. In fact the ball ground in that town is said to be under three feet of water and the former Colt shortstop has received a message telling him to stay in Lexington until further notice. Shafer will report to the Terre Haute Club today and Rorer may possibly be sold to the Louisville Colonels before night.

As for the balance of the bunch, no word has yet been received from President Joe Carr as to what they must do.

MAYSVILLE'S NEW DIRECTORY

The new directory for the City of Maysville and adjoining towns which is published by the Caron Directory Company of Louisville is now being delivered to the subscribers. The new book is a splendid piece of work and is complete in every detail. According to the figures in the directory Maysville now has a population of 8,786, which shows that the old town is really on the boom.

DEATH OF MRS. J. M. HUMLONG

Mrs. J. M. Humlong, aged 68 years, passed away at her home in Germantown yesterday afternoon, her death being the result of injuries sustained several weeks ago when she fell after her son, R. G. Humlong backed his automobile into her unknowingly, knocking her crutch from under her arm. The accident was a particularly sad one to the family and her death even is more so, being indirectly caused as above stated.

She is survived by two sons, Messrs. R. G. and W. N. Humlong, both of Germantown.

The funeral will be held this afternoon at 3 o'clock from her late home, with services by Rev. Ecklar. Interment in the Maysville cemetery.

AGED LADY DIES

Mrs. C. Bell Meyers died at her home in Augusta Saturday after being confined to her bed for some time. Several weeks ago she broke her hip and never fully recovered from the fall. She was 86 years of age. Mr. James Key, the Circuit Clerk, and Miss Isabelle Key attended the funeral which was held yesterday afternoon. Mr. Key was her nephew.

EXPECT BIG RIVER

The United States Worker Bureau has issued a warning to the contractors at the Lock and Dam No. 33 just above the city that they may expect a big river within the next few days, the river going to a twenty foot stage or more. A great amount of rain has fallen in the upper part of the river and this will bring the high water.

CLASS MEETING

There will be an important meeting of the Epworth Adult Bible class of the Third Street M. E. Church Sunday School tonight at the church. It is very important that every member be present. Other ladies of the church invited.

J. H. RICHARDSON, Teacher.

POLICEMAN ON VACATION

Officer Dudley Bloomhoff of the local police force left yesterday on a two days' vacation with relatives in Brown county, Ohio.

In Squire Fred W. Bauer's Court yesterday afternoon Delia Jackson was fined \$9.15 for trespassing.

WORK PROGRESSING NICELY

The work on the new streets is now progressing nicely and the contractors expect to do a great deal within the next few days.

In the Fifth Ward the contractors are making good time on concreting the car tracks and will probably finish all of the track that is excavated this week. The delay in the work has been mostly in the excavating. After the car track is concreted the work will be delayed several days on account of the fact the little work is being done with the excavating.

In the Sixth Ward the work is confined to laying the curb and to excavating. The excavating is being carried on at a rapid rate but is causing some inconvenience on account of interfering with the gas lines. The gas main has been uncovered and several of the branch lines have been torn up by the digger.

INCORPORATED

The Romer-Redden Produce Co., of Richmond was incorporated at Frankfort Saturday with a capital stock of \$5,000. The incorporators were Amelia Romer, Louis Romer, R. Fulton Redden and Laura Taylor. This company was a branch of the E. L. Manchester Produce Co. of this city.

For Vice-President—Charles W. Fairbanks of Indiana.

POSTAL INEFFICIENCY

New England need not plume herself on being the only part of the country subjected by the Post Office Department to poor mail-train service and delayed and indifferent delivery of mails. Similar conditions seem to obtain throughout the country. Here is an instance from Lawrence County, South Dakota.

The marketing agent for the apple-growers of the country worked up good markets for the local product by a thoroughgoing campaign of advertising and soliciting. His customers were mainly small buyers in the second parcel post zone from his shipping point. The post office employees complained that they were being overburdened, and entered objection to the agent's use of the post for delivery of the fruit.

The Post Office Department thereupon ordered the routing of parcel post matter from the agent's station in such way that it was carried into the third zone, then twisted back for delivery in the second Third-zone rates were charged. The difference consumed the margin of profit, and the shipment stopped. The fruit growers of Lawrence County are without a market for their crop. Enterprise has been punished and an industry destroyed.

Wherever way one turns—to the city or to the rural districts—he finds this poor, inefficient, disorganized, and contemptuous service on the part of the Post Office Department increasing. How long the convenience and the industrial interests of the country, especially in the non-urban territories, will be scornfully disregarded for the sake of so-called economy, one can only guess. The steadily growing stream of complaints, coming alike from private citizens and business men, indicates that the Post Office Department apparently believes that there is no public need or convenience that it is bound to consider.—Boston Transcript.

Senor Don Venustiano Carranza opened his mouth and emitted another terrific roar the other day. This time he kicked us out of Mexico in one breath and conceded that we are still there in the next.

It is true, nevertheless that a fool can get down on his knees in the street, paw up the dirt, and every wise man in sight will rush over to see what's in the wind.

Every man to his trade. You can't very well improve your time by tinkering with your watch.

A MAYSVILLE INQUIRY

Answered By the State of a Maysville Resident.

When first the long series of reports of Maysville people who have been relieved by Doan's Kidney Pills were published in the local press, great enthusiasm and interest were aroused. But Maysville is now inquiring "How are these people keeping today? How has the benefit they received withstood the test of time?" For that, after all, is the essential test of a cure. On this point doubt can no longer exist, for after many years those who have been cured, emphatically declare their cures to be lasting.

Frederick Dresel, 1238 E. Second St., Maysville, says: "I was troubled with inflammation of the bladder and an annoyance from my kidneys. The passages of the kidney secretions were irregular and I had a severe pain across the small of my back, which interfered with my duties. I got Doan's Kidney Pills at Wood & Son's Drug Store and one box gave me prompt relief."

NO TROUBLE SINCE
OVER THREE YEARS LATER, Mr. Dresel said: "I haven't had any kidney trouble since I used Doan's Kidney Pills."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dresel has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

PROCLAMATION

Issued By State Board of Health Regarding Prevention of Infantile Paralysis.

Bowling Green, Ky., July 17, 1916.

Whereas, Infantile Paralysis, essentially a disease of cities and towns and of childhood, though sometimes occurring in country districts and in adults, exists in a severe epidemic form in New York and has already spread to other sections, eight positive or suspicious cases having been reported in this State within the last twenty-four hours, the disease having an average death rate of about 25 per cent and a large portion of those surviving being more or less completely paralyzed, and, whereas, everywhere the tendency of the disease is to break over official control and spread, especially in the presence of filth and flies in and about the homes, yards, alleys and streets, unless every case is rigidly isolated and all discharges from the throat, nose and bowels are promptly burned or disinfected until complete recovery, and the assembling of children is prevented in really infected districts, now, therefore,

Be it known, that the State Board of Health, in the exercise of authority vested in it by law, and in the discharge of a public duty, hereby urges and directs that the health and civil authorities of every city and town in Kentucky take immediate steps to clean all alleys, streets, tenements, public places and vacant lots and, by rigid and systematic inspection, to require the cleaning and liming of all back yards, cellars and premises, and the thorough screening of homes; although in the presence of this emergency no good citizen should wait for the law to force him to an evident duty for the protection of his family and community. In the existing emergency, visits of children under fifteen years of age from infected or suspected cities should be discouraged and, when permitted, the names and addresses of all such children should be recorded in the health office.

Upon the occurrence of a suspicious case it should be immediately reported to the health officer, and, without fear or favor, so rigidly isolated that no one can enter the room except the nurse and physician, and the house placarded, or preferably the case sent to the hospital, and all discharges burned or disinfected as in a case of diphtheria and scarlet fever. All of this should be most thoroughly done or it will do harm by giving a false sense of security. In the event of the disease in any city or town, except it be an imported case which can be cared for as above indicated, the local authorities are asked to consider the advisability of restricting the assembling and travel of children in place of amusement, schools, on street cars and trains, and so far as practicable, on the streets. All health officers are required by law to report this disease to this Board, and they are hereby requested to do so by wire at its expense.

A bulletin containing more complete information on this subject will be mailed free to any address upon application.

J. D. SOUTH, M. D. President.
J. N. MCCORMICK, M. D. Acting Secretary.

SUICIDE IN FLEMING COUNTY

Muses Mills, Ky., July 14.—Coroner Charles H. Compton, of the place was called by phone early yesterday morning to come to Calfax, 15 miles below this place to hold an inquest over the body of Robert Burk, aged 42, a farmer, who had committed suicide by shooting himself with a shot gun. He and his wife had a family fight last Monday morning in which her eyes were blacked and she was otherwise hurt. She left home and going to Hillsboro had procured three warrants against Burk charging him with breach of the peace, also a peace warrant against him for threatening to kill her.

Burk was arrested and was to be tried Saturday at Hillsboro, being under bond for his appearance. Several witnesses were sworn and no one could be found who had heard him make any threats of taking his life, nor had he acted in any way as if he was going to do this act. He had procured a single-barrel shotgun and placing the breech of it against an apple tree in the front yard and the muzzle against his breast just over the heart and knocked the trigger with a stick held in his hand that he had notched for that purpose. A large hole was torn clear through his body, as large as a big ear of corn.

Dr. O'Brien of Hillsboro was called and he pronounced that death was instantaneous.

He leaves a good farm, a wife and five children, the eldest being but 19 years of age.

The Coroner's Jury returned a verdict of suicide with no one responsible for his rash act.

He was buried at Hillsboro Friday by undertaker Clark of that place.

Peace talk keeps right on bobbing up over in Europe, and as religiously bobs right down again.

UPSIDE DOWN

The flag on the Postoffice was flying upside down Saturday. Quite a number of persons noticed it. We suspect that our old friend "Doc" must have been celebrating in some remarkable way.

It is comparatively easy to get anything within reason that you want. The only difficulty is in making up your mind to go after it.

MAYOR LEE

Issues Proclamation For "Clean-Up" Days to Be Held Wednesday, Thursday and Friday.

The State Board of Health, having issued a proclamation and warnings to the County Boards and Municipalities throughout the State calling attention to the fact that Infantile Paralysis, now epidemic in many of our large cities, is spreading throughout the entire land. The cause of this most dreaded disease, in the opinion of the best medical authorities, is filth and lack of sanitation. And, while the disease is usually confined to infants and small children, adults are by no means immune to it.

Because of the conditions that now confront us we are making this urgent appeal to every citizen of this city who values the health, the life and happiness of the people of this community to co-operate with the County and City Boards of Health, the Health League and the Woman's Club and, especially do we ask the Chamber of Commerce for their assistance and co-operation in this very serious matter. On account of the above conditions we deem it prudent and do hereby issue the following proclamation:

I, J. Wesley Lee, Mayor of the City of Maysville, Kentucky, do, by this order, proclaim and set apart Wednesday, Thursday and Friday, July 19th, 20th and 21st as clean up days for this city and, by this order, command the Street Commissioner to thoroughly clean all the public streets and alleys and all public places from all filth and trash of every kind, flush all sewers and gutters and to place same in a sanitary condition. Every resident within the City limits must thoroughly clean their premises from every manner of trash, rubbish or garbage. Lime all drains and outhouses and place their premises in a perfect sanitary condition. This order also applies to all merchants, shop keepers, grocers, meat markets, manufacturers and every kind of business. Keepers of livery barns or private stables are ordered to remove all manure from or near their stables and use lime freely and to whitewash all stables where horses or other stock is kept. Chicken yards and chicken coops must be thoroughly cleaned. Positively no hogs will be allowed to remain within the City limits. Citizens who fail to obey the orders of this proclamation will be prosecuted in the courts. Landlords, owners of real estate and their agents will be held responsible for the acts of their tenants. Persons who are too poor to pay for the carting away of their trash and dirt, if they will pile same in a convenient place and notify Mr. Ben T. Smith, Street Commissioner, he will have same removed. The City will also furnish lime to those who are unable to pay for it. This July 17th, 1916.

J. WESLEY LEE, Mayor.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years doctors pronounced it to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

—thirty to forty pages monthly. One of America's leading magazines for women. Its pages are full of the choicest kind of literature. Its short stories and serials are the best and its household hints are invaluable. Subscription price 50c per year.

OUR PAPER

—our aim will be to continue to publish a paper that will be a daily news, your confidence and good will, and one that will aid in promoting the welfare of our home and civic life. It is useless to say more.

We have here, four well known publications, each of which is known to you as being absolutely reliable, nothing cheap, nothing trashy. Their style of expression is clean and their subject matter is wholesome. It is undoubtedly the season's best offer. We therefore have no hesitancy in urging our readers to subscribe.

The Daily Public Ledger, Maysville, Ky.

MASON COUNTY TURNPIKES

It has been said to me that the management of the Mason County Turnpikes and members of the Fiscal Court have made the statement, that I was making a Political manoeuvre in taking hold of the turnpike question as I have done, and further stated, that I was "grooming" myself for County Judge. I would like to state here and now, that I have absolutely no Political aspiration. I have never heard of any one seeking an office by the course I am pursuing.

I am directly interested in business in this city, which was affected very materially, last year, by the bad roads in Mason County, and I am confident, this winter, it will affect my business as well as the business of everyone else interested in any way with the tobacco industry to a much greater extent. I have my hands full with my individual business and the tobacco business, which I look after. The summer months period is my slack time, and I am now using it in the efforts of our turnpike system. I am going to advocate a policy for Mason County before I finish my subject.

While carrying out this work, I am making actual measurements of the turnpikes in each precinct of Mason County. I am making a notation and the location of every bridge on each pike, giving its size. All this information, I propose to put in the form of a Mason County Map. I am going to print 250 or 300 of these Maps and sell them to anyone in Mason County who desires one, and anyone desiring one of these Maps will kindly place their order with me as soon as convenient. The proceeds of the Map sale will remunerate me for the expense that I am at, and it is some expense to drive an automobile over every road in Mason County and stop and look at every bridge or culvert. I note that our County Officials pay from \$6.00 to \$10.00 a day, for an automobile for that purpose.

On June 4th, I took the Tuckahoe and Minerva turnpike following its course to Minerva. This road which is 7 4-10 miles in length, has eleven bridges upon it, three large ones more than 30 feet in length and 8 smaller ones, from 4 to 14 feet. The foundations of nine of these bridges are in very fair condition, but the foundation of two are getting in very bad shape. The one at Beasley Church is falling in and a Stone Mason could probably repair the present damage in two days time, or an expense of \$6.00 or \$8.00 to Mason County. The large bridge near Minerva being, I believe, over the west branch of Lee's Creek, is in very bad condition, but a Stone Mason in a few days would put this foundation in first class condition. It has not been the practice during the last few years to repair foundations, in fact, I believe it is against the policy of the present management in Mason County to repair a bridge foundation, but instead, let it fall in and replace it with a concrete foundation. You see by putting in a new concrete foundation, it makes a great deal more work and a larger contract. This turnpike is getting better attention, in the way of drainage and in the way of fixing the bad places in it than any turnpike in Mason County, with the exception of one small stretch of pike.

There was expended on the Minerva and Tuckahoe turnpike road, last year, \$527.85, or about \$75.00 per mile—slightly more than this road is entitled to, but \$450.00 spent, annually, will give the people of this community a first class road to travel over. The man who repairs this road with a little sound advice and prompt supervision, would attain splendid results, and I believe this man lives at the junction of the Tuckahoe and Minerva and the Dover and Tuckahoe turnpikes, and thereby is enabled to do good service to a large mileage of pike. If this road had each year as much rock put upon it as in 1915 and the water kept out of the middle of it, a splendid road would be the result. Rock can be had on this road not to exceed \$2.50 per rod.

At Minerva, I took the Minerva and Fernleaf pike, which is a ridge road for the whole distance of 3 1/2 miles to Germantown pike, at Fernleaf, but this road is sadly in need of rock. There are many places which show nothing but yellow clay, and I am confident, in fact, I have been told by residents in the vicinity, that the School Wagon could not get by certain places in this road during last winter and no relief for those places is in sight yet. Just south of Minerva some work has been done, but there should be more work done on it before the winter of 1916.

One of the members of our Fiscal Court lives on this pike, and you would think that his influence would bring about the repair of these im-

passable spots, at least, but no relief came. The cost of rock on this 3 1/2 miles of pike is a little excessive owing to the fact, that good limestone does not prevail, but I notice there is a good Quarry about midway between Fernleaf and Minerva from which rock should be produced for not to exceed \$3.00 per rod. I notice one or two culverts on this stretch of pike that are getting in very bad condition, one end of which is falling in and it is only a matter of time that a new culvert will have to be put in unless the necessary repair is made in the near future.

I will now take up the Germantown pike from the Valley pike to Germantown, the other 6 8-10 miles of this road having been referred to in another article. The 4 9-10 miles of the Germantown pike, which I am now referring to is, as a whole, in very bad condition, there being a number of winter, became impassable. This condition is not confined to one or two places but to many. The first hill west of the Valley pike and adjacent to the Oscar Barrett farm is practically gone through and needs a lot of rock. The next hill, near Frank McIntyre, has become rough and badly worn, however, some rock have been hauled to this spot to repair same.

From the home of John Evans to Germantown, the road is all ridge road with one exception, near the Peter Cook farm. There are more than a dozen stretches during the next winter that will become impassable.

In front of the home of Dan Norris, the road did become impassable, last winter, and many wagons had to double team in order to get by, notwithstanding the fact, a string of rock, at least, 300 feet in length, is lying right beside this spot and this string of rock has been beaten into the earth by the traffic trying to get away from the impassable spots. This rock still remains in the pile, and I presume, will not be spread until the road becomes muddy during the winter, when it will sink out of sight.

From the warehouse of Thos. J. Winter to the Town limits of Germantown, there is, at least, 40 rods of rock broken in strings, that have been there since last summer—one year. What do you suppose this rock was ever gotten out for? I suspect that just before the Germantown Fair, this rock will be spread so that the "Automobile traffic will wear them down" (?) Rock is available on this end of the Germantown pike, at not to exceed \$3.00 per rod.

From Germantown, I took the Lowell turnpike to the famous Lowell bridge, a distance of 5 1/2 miles. This road is entirely a ridge one, there not being a bridge in the whole distance of 5 1/2 miles. There is about 60 rods of rock broken in strings at various points from Germantown to Galbreath's Store, some of which have been lying there three years but most of it was put out last summer. At one point along one of the strings of rock, a farmer advised me that one of the automobile's taking the members of the Fiscal Court to Lowell bridge stuck in a mud hole, and if it had not been for the broken rock in the string beside it, a team would have had to be hired to pull them out. Notwithstanding these terrible mud holes and rough places, this 65 rods of rock remains in piles and has never been spread. What do you suppose this rock was purchased for? Rock on this pike can be had very cheap—not to exceed \$2.25 per rod.

From Galbreath's store, I took the pike leading to Robertson county, the name of which I do not know, I call it the "Woodward or Two Lick pike," as it crosses Two Lick about midway its length, and by the way, this bridge over Two Lick is the only bridge on a turnpike entirely in the Germantown precinct. To say this road is rough, places it mildly. Stretch after stretch has nothing but bed rock, the water running down the middle of the road, there having been no ditch for years past. At the Robertson County line, there is a splendid iron bridge over the Northfork, 134 feet long, with a splendid foundation and everything in good condition. I presume, Mason County owns 1/2 of this bridge. This is a direct route for certain portion of Robertson County to reach Maysville, and if this branch road of 2 4-10 miles was kept in fair repair, it would bring a great deal of traffic to our city.

From a point 3-10 of a mile from this Northfork bridge, I took the Dishar pike or Wolfs Run which leads over into Bracken county. There is 2 4-10 miles of this pike in Mason, all of which is ridge road, and for just a small amount of money, could be kept in excellent repair, in fact, it is in better repair today than 90 per cent of the turnpikes in Mason County. Rock can be had on these last two pikes for not to exceed \$2.25 per rod, and for \$50.00 per mile, these two roads, as well as the Lowell turnpike, would be kept in good condition. There was spent on the last two roads, being 4 8-10 miles in length, \$61.75 in

GENERAL BLISS PROBES CONDITION OF MILITIA

Photo by American Press Association.
Major General Tasker H. Bliss, Assistant Chief of Staff.

San Antonio, Tex., July 15—Brig. Gen. Tasker H. Bliss arrived here today ready to begin his inspection tour of the army camps.

"The Secretary of War wanted some first-hand information regarding the militia, and I have been sent in accordance with that idea," Gen. Bliss said.

Charges have been made that the War Department hurried untrained, poorly equipped and unaccustomed militiamen to the border and placed them in camps that had not been prepared properly to receive them. It also was charged that many militiamen were improperly fed on their way to the border.

1915. There was spent on the Lowell pike \$283.60 in 1915, \$150.00 of it was for a new floor in the Lowell bridge and \$16.25 for painting the bridge which leaves \$120.00 spent for rock upon the 5 1/2 miles of the Lowell turnpike, all of which remain in the string where broken.

Inefficiency in management and lack of attention certainly shows very plainly in the pikes in that end of the county, and I do not believe there is one man in 50 in that vicinity who would be willing to vote for a Bond issue in Mason County, but after inquiring a little in various parts of Mason County, it is not hard to understand why the people are not for a Bond issue. They will vote for a Bond issue when the management in Mason County becomes efficient and distributes our turnpike fund upon the pikes of every district in a fair proportion to the amount of taxes produced in those districts.

Before I complete my work, I expect to produce a table, showing the taxes produced in each precinct, the mileage of turnpike in each precinct and the amount of money available for each and every mile of turnpike in Mason County.

W. HOLTON KEY.

It has remained for the modern dentist to solve the unsolvable problem. When a woman gets into his chair her mouth is harnessed up to such an extent that it is utterly impossible for her to articulate a single word.

The easiest thing in the world to make is a promise; the next easiest is an excuse for not keeping it.

It isn't every married woman who acts as a wet blanket where an old flame is concerned.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.
Your druggist sells and recommends Thedford's Black-Draught. Price only 25c. Get a package today.

Correspondence

Springdale

Charles Vaughn is seriously ill at
his home here.

Mrs. Julia Bean of Orangeburg is
visiting relatives here.

Mrs. Ora Pence Boone of Manches-
ter, O., and Mrs. Lena Pence Berry of
Maysville attended the funeral of their
brother, George, at Bethany Friday.

Mrs. James Elliott suffered excru-
ciating pain for several hours Sunday
morning from the entrance of some
kind of a bug into her ear. Dr. Hill
was called and soon removed the in-
truder.

Rev. J. M. Vawter is conducting a
series of meetings at Bethany. He
was joined Friday by his nephew, Rev.
C. R. Vawter of Kansas City, Mo., and
also by Rev. J. M. Litteral of Mays-
ville. The beautiful singing of Rev.
C. R. Vawter and wife with Rev. Lit-
teral and Mrs. Ida McDonald was a
rare treat to all who were so fortunate
as to be present.

Minerva

Miss Mary Pollitt is visiting Mr. and
Mrs. J. A. Caldwell in Chicago.

Mr. Joe Dwyer spent last week with
his brother, Will, of Bracken.

Mr. and Mrs. Walter Worthington
were Maysville visitors Saturday.

The Central Garage delivered a new
touring car to W. D. Snyder last
week.

Messrs. Harold Brooks and Eugene
Boyd drove to Maysville Saturday af-
ternoon.

The Brooksville skating rink was
visited by the usual delegation Sat-
urday night.

Miss Dorothy Best returned home
recently after an extended visit with
friends in central Kentucky.

Mrs. Harry Smoot has returned
home after a delightful visit with re-
latives and friends in the Bluegrass
section.

A dance is announced by the young
people of Brooksville for next Friday
night and a large number of the local
browd are planning to attend.

Mr. E. F. Boyd, Mr. and Mrs. Dan
H. Lloyd and Miss Judith and Squire
Wallington were among those from
this neighborhood who attended the
exercises at the cornerstone laying at
Washington Saturday.

Sardis

Goldie Cooper is better at this writ-
ing.

S. E. Mastin was a Maysville visitor
one day the past week.

Mrs. Gracie Mastin, who has been
quite ill is able to be out again.

Mrs. Ross is ill at the home of her
daughter, Mrs. John Wilson.

Miss Josephine Mastin spent Mon-
day night with Mr. and Mrs. W. H.
Morris.

Elizabeth Huff gave a house party
in honor of Vera Wiggins and Bessie
Rently.

Josephine Mastin was the week end
guest of Goldie and Ruth Watson of
Happy Ridge.

Mr. and Mrs. Carpenter and daugh-
ter, Jewell, are visiting Rev. W. H.
Morris and family.

Mr. and Mrs. G. R. Parker were the
guests of Mr. and Mrs. William Dillon
a few days this week.

Brother James and wife of Flem-
ingsburg spent a few days with Rev.
and Mrs. W. H. Morris.

Miss Anna Mae Parker of Happy
Ridge spent Tuesday night with Mr.
and Mrs. W. H. Morris.

Rev. and Mrs. W. H. Morris motored
to Flemingsburg accompanied by Rev.
and Mrs. James recently.

Mrs. George Ormes of Mt. Olivet
was called to the bedside of her moth-
er, Mrs. McKensie, who is quite ill.

Mrs. Alma Thompson died Tuesday
at 11 o'clock. She is survived by her
father, Mack Calvert, husband, George
Thompson, two brothers and two sis-
ters. The funeral was held at Shan-
non conducted by Brother House as-
sisted by Brother Norris and Rev.
Fannell. Burial in the Shannon ceme-
tery.

HERE AND THERE

If you have friends visiting you, or if you are
going on a "bit, please drop us a
note, a line or a card.

Miss Sophia Toth of Covington spent
Sunday with relatives in this city.

Mr. and Mrs. C. C. Hopper of Mays-
ville, were visitors in this city yester-
day.

Miss Katherine Bramel of Orange-
burg was a shopper in this city yester-
day.

Miss Anna Barry of Cincinnati is
visiting relatives in Maysville and
vicinity.

Miss Jennie Cole Rudy of Forest
avenue is visiting Miss Edna Hassel-
man of Portsmouth, Ohio.

Miss Marie Boughten of Lexington
street is spending the week with re-
latives and friends in Maysville.

Mr. W. W. Wilkoff, the local agent of
the C. & O., is attending a meeting of
the agents at Ashland, Ky., today.

Mrs. Thad Hendrickson of Trinity
was a visitor in the city yesterday en
route to Tolesboro on a visit to rela-
tives.

Mrs. Frank E. Theobald of Indian-
apolis, Ind., is the pleasant guest of
Mrs. L. H. Young of West Second
street.

Little Miss Margaret Boyd of Cot-
tageville is spending a few days with
her aunt, Mrs. J. P. Nash of East Sec-
ond street.

Mr. George James, who conducts the
Chicago Shoeshining Parlor on West
Second street, is spending a few days
in Portsmouth.

Rev. and Mrs. A. F. Stahl and chil-
dren of East Fourth street will leave
tomorrow for Kenton, Ohio, for a visit
of several weeks.

Miss Cretia Cassidy returned to her
home in Paintsville, Ky., yesterday af-
ter a visit with Mr. and Mrs. C. S.
Kirk of East Third street.

Mrs. Howard Curtis and son of
Pittsburg are visiting her mother,
Mrs. John Hall of East Second street.
They will be here about two weeks.

Miss Nellie Steele returned to her
home on East Second street yesterday
after a three weeks' visit with friends
and relatives in Flat Rock and Shelby-
ville, Ind.

Miss Elizabeth Stone of East Second
street left yesterday on a short visit
with relatives in Pleasant Hill, Ky.
From there she will go to Kansas City,
Mo., to spend the rest of the summer.

"THE LIGHTBEARER"

Richard Travis and Betty Brown
will appear in "The Lightbearer," a
special Essanay feature to be pro-
jected at the Pastime today. Napoleon
the great, and Sally, his mate, will be
seen in "Have a Heart." These mon-
key comedies are a popular feature at
the Pastime every Tuesday. Bring the
children to see "Napoleon and His
Mate," they will especially enjoy this
picture. Last but not least is Sis Hop-
kins in "Have a Heart." Special for
Thursday Hanlon's "Fantasma." A
great picture. Don't miss it.

WOMAN AND WAR.

A Western woman doctor declares
that women are physically fit for serv-
ice at the battle front. Probably some
exceptional women may be, but are
not the majority prone to ailments
which make even household cares a
burden? Hence the necessity for that
great remedy which during forty
years has done more than any other
to relieve such ailments and mitigate
the suffering of American Women—
Lydia E. Pinkham's Vegetable Com-
pound.

ATTENTION, RED MEN

Regular weekly meeting of the I. O.
R. M. tonight at 7:30 o'clock. A full
attendance is desired. All visiting
brothers are cordially invited.

Stockholders' Meeting

A meeting of the shareholders of the Bank of Mays-
ville, National Banking Association, is hereby called to con-
vene on the 31st day of July, 1916, between the hours of
9 and 11 a. m., at the banking offices, for the purpose of
taking action by said shareholders in the matter of trans-
ferring the assets of said bank to an incorporated banking
institution under the State Laws of Kentucky, and the as-
sumption by said institution of the liabilities to the depos-
itors and other creditors of the Bank of Maysville, National
Banking Association, and for the appointing of a liquidating
agent, and for the transaction of such business as may be
brought before said meeting.
